

## Product Specification Sheet

### USB 2.0 Webcam with microphone

Part #: AVC03EU

#### Product Description:

- Resolution: real 300k pixel, VGA format 640x480 (1.3 MegaPixel interpolated).
- Adjustable and manual focus, auto white balance, snapshot, auto exposure.
- Built in microphone, supports video conference and video/ photo emails.
- Includes VP Eye image application software.

#### Product Features and Specifications:

- Easy to use: clip design ensures easy attachment to your notebook or LCD monitor
- USB 2.0: Supports hi-speed data transfer
- Snapshot button: Snapshot button allows you to take and store photos
